PLACES TO VISIT

01 PB VALLEY KHAOYAI WINERY

One of the places to visit in Khao Yai is PB Valley Khao Yai Winery. Visit vineyards that stretch as far as the eyes can see, perfect for people who are open to new experiences. You can take selfies, tour the winery and vineyards and watch wine production and storage. In addition to the vineyards, you can find dishes from various nationalities at The Great Hornbill Restaurant that are worth trying.

02

BLOSSOM BLOOM CAFE

Khao Yai cafes have the hearts of young adults. One of the Khao Yai attractions that cafe lovers must visit is the Blossom Bloom Cafe Khao Yai. The cafe is decorated in minimalist styles. Flower beds make the cafe stand out in the middle of the hill giving off an aromatic smell. You're promised a scene straight out of K-dramas with cool evening air and sunset as your backdrop. This place is a must-visit.

VIEWPOINT

When visiting Khao Yai attractions, the first viewpoint that you must visit is at KM 30th. At this viewpoint, hikers can see many layers of mountains shrouded by white mist that is very cooling. Take the most beautiful photos, especially at the end of the rainy season and the beginning of winter. Those are scenes that everyone visiting Khao Yai must see at least once.

03

04

BAN THA CHANG SPRING

Ban Tha Chang Spring is a naturally emerald-colored spring, the only one in Khao Yai. There are about 4 ponds that layer on top of each other like lotus petals in descending order, built to slow down the naturally strong water current.

SCENICAL WORLD

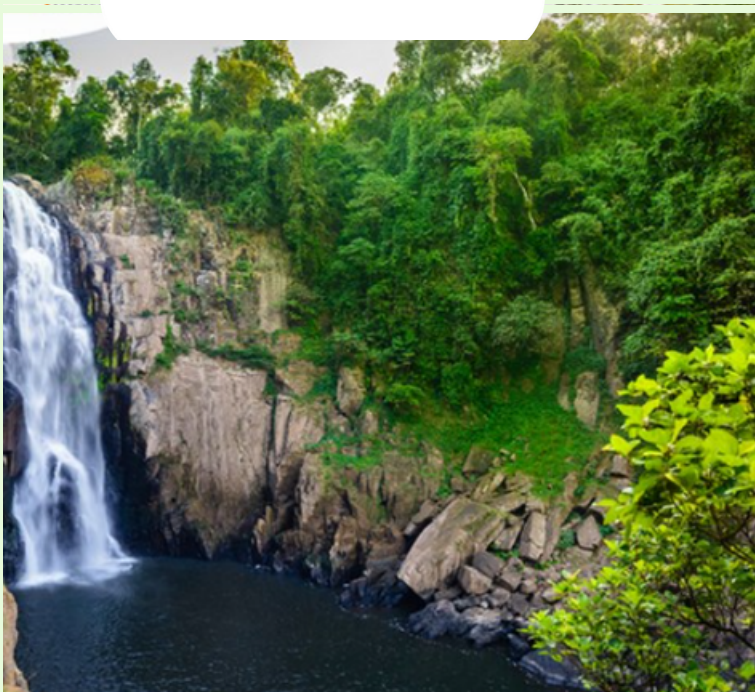

05

The largest water park in the North-Eastern region that you should not miss is the Scenical World Water Park. After you've finished soaking up nature, you can soak up some sun and continue your fun at Scenical World. The park has swimming pools for children and adults, rides, sliders of various sizes, and giant swings that might make you shriek. Each point has an officer to guide you, ensuring strict safety and 100% fun.

06

HAEW NAROK WATERFALL

The Haew Narok Waterfall is the largest in Khao Yai National Park. You have to hike about 1 km to reach this hidden gem; a bit tiring but worth it. The waterfall is situated at a medium height but still maintains its magnificence. On the way up, you will be surrounded by trees of lime-green leaves that are a spectacle.
